Meeting - Wednesday, March 7

President's Comments

"It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade." ~Charles Dickens (1812–1870), *Great Expectations*.

There is an old saying about the month of March, "In like a Lamb; out like a lion" and there is also an old saying about the month of March, "In like a lion; out like a lamb". The only similarity between these statements is that March weather is changeable.

Having spent a day at QuiltCon last week I reflected on the changeable nature of Quilting. Over the last few years many changes have occurred in style, design, construction methods, and craftsmanship. The "modern quilts" with their negative space and crisp colors make an instant impact, the construction methods are ingenious, some of the craftsmanship is excellent, but, in many cases "message" seems more important than piecing and quilting skills. It was great to see so many, enthusiastic, young, "modern" quilters. It was also great to see many quilting friends.

At the March 7th, Guild meeting we will hold our annual "Quilters College". The Guild has many talented members who are always ready to share their skills. It's always fun to learn new tricks and techniques. The format provides a chance for members to socialize, meet new members and catch up with friends.

See you on March 7th

President - Maureen Gardner

Program

At our March 7th meeting, our program will be Quilters College. If you haven't participated in quilters college before, it can be lots of fun. We will have four "stations", at which four different techniques, projects, etc. will be demonstrated, and you float from station to station. At one station we will have a demo of adding a flange to our binding, and other binding techniques. At another station, we will have a demonstration of the new quilting rulers on the market for domestic machines, and a demo of an electronic cutting machine (as opposed to the dye-cut Accucut machine at last college). Our 4th station is a demonstration of an easy to sew, "Euro Bag". There will be template/patterns to copy, if you wish, as the instructions are all written step by step. PLEASE NOTE: If you want to make a copy of the pattern for this bag, and it comes in different sizes, please bring your own copy paper, tracing paper, newspaper, Golden Threads paper, or whatever, to trace the patterns. I would suggest about a yard or so.

Our April 4th meeting will be with the folks from Retro-Clean, showing us how to care for our past and future antique quilts.

Program Chair - Sue Barrett

Vice President

I have had some members tell me that they have so many UFOs they just feel like our little challenge wouldn't make a dent. So why bother? I will tell you why to bother. Because you can't move forward without taking one step (UFO) at a time. Maybe you DO have too many or an abundance of UFOs. I guarantee they won't get done sitting in a box on a shelf in a closet or under your bed. But if you take it out and give it some attention you might make progress on it or maybe even finish it. You'll wonder why you pushed it aside in the first place. You picked that particular pattern/project for a reason. Whatever the reason was back then, it hasn't really changed. As long as there are crafters, there will be UnFinished prOjects. I was encouraged by the five courageous people who presented their finished projects. And now I am encouraged to finish one too despite the fact that I won't be there in person to share it. Congratulations on moving forward SMQG UFO challenge participants. You are one step ahead. This month we were working on the last item on our list. Next month work on No. 5. If you don't have a number 5, then work one of your oldest UFOs. Let's see what turns up!

Philanthropy

We just received a very appreciative letter from AVIVA for the 22 quilts we delivered. They still always need updated slightly used clothing wearable for new job interviews so if you are cleaning out your closet and come across something you are no longer wearing we have a home for it. This may help some of the people go on job interviews trying to get their lives back in order. We also delivered approximately 20 quilts and lots of toiletries to the Ronald McDonald House and once again received a very warm welcome. Both AVIVA and Ronald McDonald are very appreciative for whatever they received and the recipients are grateful as well.

Keep quilting

Luann Jaffe and Sandy Ray
